

COTTAM & HALLEN,
IRON-FOUNDERS, SMITHS,
And Machinists,
2, WINSLEY STREET, OXFORD STREET,
LONDON.

DESCRIPTIVE PRICE CATALOGUE
 OF
IMPROVED STABLE REQUISITES.

COTTAM'S
MANGER, RACK and WATER-TROUGH,

As one Fixture. Improved and newly Patented.

COTTAM & HALLEN, the original Inventors, obtained the Great Exhibition Prize Medal for this arrangement, to which all the latest improvements are adapted, secured by patent, including a method entirely new of attaching the halter-weight and rein from the back of the manger to the underfront of the plate, allowing the horse greater freedom, and being noiseless in operation add much to its comfort whilst feeding, and convenience when at rest, as likewise from their position avoiding the liability of the most restive horse getting cast. No well managed stable should be without these fittings.

Cottam's ENAMELLED MANGERS are constructed in the best possible manner, both as to form and utility, are cleanly in appearance, durable, and impervious to infection; manufactured plain, galvanized and enamelled.

IMPROVED SURFACE DRAIN, with Safety Covers, Sanitary Traps, Stable Pumps, Loose Box Fittings, Gutta Percha Preserving Saddle and Harness Brackets, and every article in Stable Furniture in stock.

An extensive Assortment of Patterns for both Plain and Ornamental Castings, and every description of Wrought and Cast Iron Work for building & other purposes.

AGRICULTURAL and HORTICULTURAL IMPLEMENTS, IRON GATES both Plain and Ornamental, HURDLES, STRAIN FENCING, &c.

Dec. 1854.

Estimates and Catalogues on application.

CAUTION.—The Racks are made of Wrought-Iron, which are not liable to break and injure the Horses, as is the case with those made of Cast-Iron.

IMPROVED CAST IRON PUMPS,

FOR STABLES AND FARM-YARDS,

Of the best Workmanship and warranted.

The VALVES and SUCKERS of these Pumps are constructed upon an entirely new and simple principle. They are not likely to get out of order ; should they do so, can easily be repaired, as the Pump is so contrived that the valves can readily be got at.

STOVES of EVERY DESCRIPTION,

**From the cheapest Elliptic to the most highly-finished
Bright Stove.**

COTTAM & HALLEN particularly request inspection of Architects and Builders to their large selection of Stoves, Ranges, Cooking Apparatus, &c., on sale at their extensive Show Rooms attached to their Manufactory.

IRONMONGERY OF EVERY DESCRIPTION

BRASS AND IRON BEDSTEADS.

(Contractors to the Honorable Board of Ordnance.)

A great variety, from the common Iron Bedstead at 12s. to ornamental Brass and Iron Bedsteads of the most elegant designs, on view at their SHOW ROOMS, No. 76, Oxford Street; where also may be seen the RHEIOCLINE, or PATENT IRON SPRING BED, which affords a perfect support to every part of the body, and a free escape of superabundant heat, both of which are indispensable to health and rest. It effects economy, freedom from vermin and contagion, and is perfectly portable. Wooden Bedsteads fitted up on the same principle. Testimonials on application per post.

(Reference to list of Prices and Engravings.)

To meet the great demand for Iron Bedsteads, they have enlarged their Manufacturing Premises, and are enabled to offer them in quantities to Schools, Asylums, &c.

For Shipment, and to the Trade, upon very low Terms.
